PRESS COMMUNIQUE

Fort St. George, August 24, 1937.

The Madras Government & For Govt Loan, 1937.

[Financial and Budgetary Position of the Government of Madras]

No. 103.—

Subscriptions will be received on 31st August 1937 at the branches of the Imperial Bank in the Provinces of India and at the offices of the Reserve Bank of India at Madras, Bombay and Calcutta for the Madras Government 3 per cent loan, 1937, issued at Rs. 90 per cent. Full details as to the terms of the loan are contained in the Finance Department notification No. 3 (L) W.M.-137, dated the 24th August 1937, published in the extraordinary issue of the Fort St. George Gazette of that date. The loan proceeds will be used for productive capital expenditure and extending to local bodies, agriculturists, etc.

2. Financial and Budgetary Position.—The following review of the financial and budgetary position of the Government of Madras is published for the information of the investing public:—

With reference to the Appropriation Accounts of successive years, the Auditor-General of India has certified that the standard of financial administration and control attained by the Government of Madras has been of a high order. The Accountant-General, Madras, has also frequently stated that the debt position of the Government is perfectly sound.

The annual revenue of the Province is about Rs. 16 crores. Since 1925-1926 the transactions on revenue account have produced a surplus every year except in 1930-31, the first year of the world economic depression, and in 1936-37 due almost entirely to a special contribution from revenue to the Madras Finance Relief Fund for investment. The Province has so far borrowed in all Rs. 22-61 crores, of which it had repaid Rs. 7-63 crores up to 31st March 1937, leaving an outstanding debt to the Government of India on that date of Rs. 15-28 crores, which is less than a year's revenue of the Province. As a result of the introduction of provincial autonomy and according to the preliminary estimate of 1936-37 the Province has taken over Rs. 7-51 crores of other liabilities in reduction of this debt. The remaining debt to the Government of India, Rs. 7-77 crores, is repayable by equated payments over 45 years at about Rs. 49½ lakhs a year. Out of the Rs. 7-51 crores of other liabilities, only some Rs. 31 crores bears interest and about Rs. 14 lakhs is provided for this interest in the budget for 1937-38. The total debt charges on all the outstanding liabilities amount to about Rs. 64½ lakhs, which is less than 3½ per cent of the annual revenue.
